CONTENTS

SI. No.	Title		
1.	Introduction		
2.	Compliance status on CRZ Clearance for construction of Sea Water		
	Intake and Outfall Pipelines for discharge of treated effluent		

Introduction

Adani Power Dahej Ltd. (APDL) has proposed to establish 2640 (4x660) MW Coal-based Supercritical Thermal Power Plant at Suva Village, Vagra Taluka, Bharuch District in Gujarat.

The project site is located within GIDC, Dahej near Village Suva, Taluka Vagra, Bharuch District in Gujarat. The power plant is based on supercritical, energy efficient & environment friendly technology.

APDL has been granted Environmental Clearances, CRZ Clearance & Consent to Establish from Ministry of Environment & Forest and Gujarat Pollution Control Board and APDL also obtained all necessary statutory / mandatory clearance respectively.

The construction of Sea Water Intake and Outfall Pipelines for discharge of treated effluent is yet to start. The Thermal Power Project pre-construction activities completed.

Compliance status of CRZ Clearance for construction of Sea Water Intake and Outfall Pipelines for discharge of treated effluent into estuary of river Narmada

2640 (4×660) MW DAHEJ THERMAL POWER PLANT

Vide letter no: F. No -11 - 35 /2012 -IA.III, dated: 09.08.2012.

S.No.	Specific Conditions	Compliance Status
(i)	Consent to establish shall be obtained from State Pollution Control Board under Air and Water Act and a copy shall be submitted to the Ministry before start of any construction work at the site	Complied Consent to Establish is already Obtained from Gujarat Pollution Control Board (GPCB).
(ii)	Method of installation shall ensure no damage to the coastline and consequently the marine eco system	Compliance assured. All measures will be taken care in safeguarding coastline & marine ecosystem during construction of intake and outfall.
(iii)	All the mitigation measures submitted in the EIA report shall be prepared in a matrix format and the compliance for each mitigation plan shall be submitted to MoEF along with half yearly compliance report to MoEF-RO.	Compliance assured, once the project takes off.
(iv)	Appropriate screens and trash bars shall be put in place at the intake to avoid fish entering into the pipe due to heavy quantity of water drawal by once through water intake system	Screen and suitable traveling gate filters will be installed at the intake pump house to avoid fish entering the pipe. The project is proposed with induced draft cooling towers (IDCT) with recirculating system.
(v)	Temperature and salinity level shall be monitored regularly by providing on-line monitoring system at the appropriate location on the outfall system.	Noted. Compliance assured, once the project takes off.
(vi)	Periodic monitoring of coastal water shall be carried out at outfall location.	Compliance assured
(vii)	No construction work other than those permitted in Coastal Regulation Zone Notification shall be carried out in Coastal Regulation Zone area	Noted.
(viii)	The project proponent shall set up separate environmental management cell for effective implementation of the stipulated environmental safeguards under the supervision of a Senior Executive.	We have established Environment Management Department with Senior Management at Corporate level. Site Environment Cell will be created once project construction is started.
(ix)	The funds earmarked for environment management plan shall be included in the budget and this shall not be diverted for any other purposes.	Separate fund has been already allocated for Environmental protection. Fund for Environment management: Capital Cost: Rs. 700 Crores (Proposed) Recurring Cost: 7.00 Crores / year.

	GENERAL CONDITIONS:	
(i)	Appropriate measures must be taken while undertaking digging activities to avoid any likely degradation of water quality.	Compliance assured
(ii)	Full support shall be extended to the officers of this Ministry/Regional Office at Bhopal by the project proponent during inspection of the project for monitoring purposes by furnishing full details and action plan including action taken reports in respect of mitigation measures and other environmental protection activities.	Noted Full co-operation shall be extended, to all the mentioned authorities.
(iii)	A six-Monthly monitoring report shall need to be submitted by the project proponents to the Regional Office of this Ministry at Bhopal regarding the implementation of the stipulated conditions.	Six monthly compliance status report is being submitted to MoEFCC, CPCB & GPCB on regular Six monthly basis.
(iv)	Ministry of Environment & Forests or any other competent authority may stipulate any additional conditions or modify the existing ones, if necessary in the interest of environment and the same shall be complied with.	Noted, Compliance assured.
(v)	The Ministry reserves the right to revoke this clearance if any of the conditions stipulated are not complied with the satisfaction of the Ministry	Noted & agreed.
(vi)	In the event of a change in project profile or change in the implementation agency, a fresh reference shall be made to the Ministry of Environment and Forests.	Noted.
(vii)	The project proponents shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of land development work.	Financial Closure yet to be achieved The Thermal Power Project pre- construction activities completed.
(viii)	A copy of the clearance letter shall be marked to concern Panchayat/local NGO, if any, from whom any suggestion/ representation has been made received while processing the proposal.	Complied
(ix)	Gujarat Pollution Control Board shall display a copy of the clearance letter at the Regional Office, District Industries Center and Collector's Office/Tehsildar's office for 30 days.	Complied

The Validity of Environment Clearance (EC) is already expired and TPP as well construction of Sea Water Intake and Outfall Pipelines still not started.
