**Subject: CRZ clearance for laying the pipeline corridor at Yellur,
Udupi District, Karnataka by M/s. Udupi Power
Corporation Ltd. - Reg.**

This has reference to your application forwarded by the Special Secretary to the Government of Karnataka, Forest Ecology and Environment Department vide letter No. FEE 25 CRZ 2009, dated 16.02.2010 and your subsequent letter dated 26.03.2010 seeking prior CRZ Clearance for the above project under the CRZ Notification, 1991. The proposal has been appraised as per prescribed procedure in the light of provisions under the Coastal Regulation Zone Notification, 1991 on the basis of the mandatory documents enclosed with the application viz., the recommendations of KSCZMA, drawing indicating sea water pipeline and cadastral map, etc. and additional clarifications furnished in response to the observations of the by Expert Appraisal Committee constituted by the competent authority in its meetings held on 25th - 26th March, 2010.

2. It is interalia, noted that the proposal involves laying the pipeline corridor for the proposed 2x600 MW thermal power plant project at Yellur, Udupi District, Karnataka. The Environmental Clearance to Thermal power plant project was accorded on 09.09.2009. The present proposal is for sea water intake and outfall for cooling purpose. The main plant is at Yellur which is around 6 km from the coast. The cooling water intake and outfall point in the coast is proposed at Yermal. The proposed pipeline runs to a total distance of 598 Meters out of which 520 meters is in CRZ-III and 78 meters is in CRZ-I. The corridor is 25 M wide all through. KIADB has notified the area and the acquisition process is almost completed. The intake point is 1430 M inside the sea and the outfall point is 670 Meter from the coast.

3. The extent of land in CRZ-III is 13000 sqm and CRZ-I is 1950 sqm and these area is Patta land with Coconut Grove, Paddy fields and areca plantation. No habitation is coming across the pipeline. The issue was discussed in the Karnataka State Coastal Zone Management Authority meeting held on 27th November 2009 and KCZMA recommended the proposal vide letter No. FEE 25 CRZ 2009, dated 16th February, 2010.

4. The Expert Appraisal Committee, after due consideration of the relevant documents submitted by the project proponent and additional clarifications furnished in response to its observations, have recommended for the grant of CRZ Clearance for the project mentioned above. Accordingly, the Ministry hereby accord necessary CRZ Clearance for the above project as per the provisions of CRZ Notification, 1991 and its subsequent amendments, subject to strict compliance of the terms and conditions as follows:

5. Specific Conditions:

I. Construction phase:

- (i) All the conditions stipulated by the Karnataka State Coastal Zone Management Authority vide letter No. FEE 25 CRZ 2009, dated 16.02.2009 and the commitments/details submitted to KSCZMA shall be strictly complied with.
- (ii) Regular monitoring shall be carried out before discharging into sea.
- (iii) A joint meeting of the both the monitoring groups every year shall be carried out and send the report to MoEF.
- (iv) It should be ensured that there shall not be any disturbance to fishing activity.
- (v) All safety precautionary measures viz. stability of the pipe line, signal for fishing boats etc. shall be installed.
- (vi) There shall be display boards at critical locations along the pipe line giving emergency instructions. This will ensure prompt information regarding location of accident during any emergency. Emergency Information board shall contain emergency instructions in addition to contact details.
- (vii) The project shall be implemented in such a manner that there is no damage whatsoever to the mangroves/other sensitive coastal ecosystems.

- (viii) A continuous and comprehensive post-project marine quality monitoring programme shall be taken up. This shall include monitoring of water quality, sediment quality and biological characteristics and the report shall be submitted every 6 months to Ministry's Regional Office at Bangalore.
- (ix) It shall be ensured that there is no displacement of people and the houses as a result of the project.
- (x) There shall be no withdrawal of ground water in CRZ area, for the project.
- (xi) Provision shall be made for the housing of construction labour within the site with all necessary infrastructure and facilities such as fuel for cooking, mobile toilets, mobile STP, safe drinking water, medical health care, crèche etc. The housing may be in the form of temporary structures to be removed after the completion of the project.
- (xii) A First Aid Room will be provided in the project both during construction and operation of the project.
- (xiii) Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality.
- (xiv) Any hazardous waste generated during construction phase, should be disposed off as per applicable rules and norms with necessary approvals of the Karnataka Pollution Control Board.
- (xv) The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environment (Protection) Rules prescribed for air and noise emission standards.
- (xvi) The diesel required for operating DG sets shall be stored in underground tanks and if required, clearance from Chief Controller of Explosives shall be taken.
- (xvii) Vehicles hired for bringing construction material to the site should be in good condition and should have a pollution check certificate and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.
- (xviii) Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/KSPCB.

- (xix) Storm water control and its re-use as per CGWB and BIS standards for various applications.
- (xx) Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings.

II. Operation Phase

- (i) Noise should be controlled to ensure that it does not exceed the prescribed standards. During night time the noise levels measured shall be restricted to the permissible levels to comply with the prevalent regulations.
- (ii) The green belt of the adequate width and density preferably with local species along the periphery of the power plant shall be raised so as to provide protection against particulates and noise as suggested by KSCZMA.
- (iii) Project proponent shall support afforestation activities by way of raising and supply of required seedling by the locals within 5 km radius of the plant as suggested by KSCZMA.
- (iv) The ground water level and its quality should be monitored regularly.
- (v) The mangroves, if any, on the site should not be disturbed in any way.
- (vi) The environmental safeguards contained in the application should be implemented in letter and spirit.
- (vii) A separate Environment Management Cell with suitably qualified staff to carry out various environment related functions shall be set up under the charge of a Senior Executive who will report directly to the Chief Executive of the Company.
- (viii) The funds earmarked for environment protection measures shall be maintained in a separate account and there shall be no diversion of these funds for any other purpose. A year-wise expenditure on environmental safeguards shall be reported to this Ministry's Regional Office at Bangalore.
- (ix) In case of deviation or alteration in the project including the implementing agency, a fresh reference shall be made to this Ministry for modification in the clearance conditions or imposition of new one for ensuring environmental protection. The project proponents shall be responsible for implementing the suggested safeguard measures.

- (x) This Ministry reserves the right to revoke this clearance, if any of the conditions stipulated are not complied with to the satisfaction of this Ministry.

6. General Conditions:

- (i) Adequate provision for infrastructure facilities including water supply, fuel and sanitation must be ensured for construction workers during the construction phase of the project to avoid any damage to the environment.
- (ii) Appropriate measures must be taken while undertaking digging activities to avoid any likely degradation of water quality.
- (iii) Borrow sites for each quarry sites for road construction material and dump sites must be identified keeping in view the following:
- (a) No excavation or dumping on private property is carried out without written consent of the owner.
- (b) No excavation or dumping shall be allowed on wetlands, forest areas or other ecologically valuable or sensitive locations.
- (c) Excavation work shall be done in close consultation with the Soil Conservation and Watershed Development Agencies working in the area, and
- (d) Construction spoils including bituminous material and other hazardous materials must not be allowed to contaminate water courses and the dump sites for such materials must be secured so that they shall not leach into the ground water.
- (iv) Adequate precautions shall be taken during transportation of the construction material so that it does not affect the environment adversely.
- (v) Borrow pits and other scars created during the laying of cable shall be properly levelled and treated.
- (vi) Adequate financial provision must be made in the project to implement the aforesaid safeguards.
- (vii) The project proponent will set up separate environmental management cell for effective implementation of the stipulated environmental safeguards under the supervision of a Senior Executive.

- (viii) Full support shall be extended to the officers of this Ministry/ Regional Office at Bangalore by the project proponent during inspection of the project for monitoring purposes by furnishing full details and action plan including action taken reports in respect of mitigation measures and other environmental protection activities.
- (ix) Ministry of Environment & Forests or any other competent authority may stipulate any additional conditions or modify the existing ones, if necessary in the interest of environment and the same shall be complied with.
- (x) The Ministry reserves the right to revoke this clearance if any of the conditions stipulated are not complied with the satisfaction of the Ministry.
- (xi) In the event of a change in project profile or change in the implementation agency, a fresh reference shall be made to the Ministry of Environment and Forests.
- (xii) The project proponents shall inform the Regional Office as well as the Ministry, the date of financial closure and final approval of the project by the concerned authorities and the date of start of land development work.
- (xiii) Karnataka State Pollution Control Boards shall display a copy of the clearance letter at the Regional Office, District Industries Center and Collector's Office/Tehsildar's office for 30 days.

7. These stipulations would be enforced among others under the provisions of Water (Prevention and Control of Pollution) Act 1974, the Air (Prevention and Control of Pollution) Act 1981, the Environment (Protection) Act, 1986, the Public Liability (Insurance) Act, 1991 and EIA Notification 2006, including the amendments and rules made thereafter.

8. All other statutory clearances such as the approvals for storage of diesel from Chief Controller of Explosives, Fire Department, Civil Aviation Department, Forest Conservation Act, 1980 and Wildlife (Protection) Act, 1972 etc. shall be obtained, as applicable by project proponents from the respective competent authorities.

9. The project proponent shall advertise in at least two local Newspapers widely circulated in the region, one of which shall be in the vernacular language informing that the project has been accorded Environmental Clearance and copies of clearance letters are available with the Karnataka State Pollution Control Board and may also be seen on the website of the Ministry of Environment and Forests at <http://www.envfor.nic.in>. The advertisement should be made within 10 days from the date of receipt of the Clearance letter and a copy of the same should be forwarded to the Regional office of this Ministry at Bangalore.

10. Environmental clearance is subject to final order of the Hon'ble Supreme Court of India in the matter of Goa Foundation Vs. Union of India in Writ Petition (Civil) No.460 of 2004 as may be applicable to this project.

11. Any appeal against this Environmental Clearance shall lie with the National Environment Appellate Authority, if preferred, within a period of 30 days as prescribed under Section 11 of the National Environment Appellate Act, 1997.

12. A copy of the clearance letter shall be sent by the proponent to concerned Panchayat, Zilla Parisad/Municipal Corporation, Urban Local Body and the Local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the company by the proponent.

13. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF at Bangalore, the respective Zonal Office of CPCB and the MSPCB. The criteria pollutant levels namely; SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sectoral parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

14. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.

15. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned Karnataka State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF at Bangalore by e-mail.
