Dear Sir,

Sub.: Regulation 30 (Disclosure of events or information) – Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.

The Company's wholly owned subsidiary Adani Power Maharashtra Limited ("**APML**") has been allowed compensation on account of non-availability of coal from Lohara Coal Block by the Hon'ble Maharashtra Electricity Regulatory Commission ("**MERC**"). This compensation has been granted in respect of the 1,320 MW Power Purchase Agreement (PPA) dated 8th September 2008 signed by APML with the Maharashtra Electricity Distribution Co. Ltd. (MSEDCL), for its power plant at Tiroda, Dist. Gondia, Maharashtra.

The Tiroda Thermal Power Station (**TTPS**) has an installed capacity of 3300 MW (5 X 660 MW supercritical units), of which Unit 2 & 3 have been tied up under the PPA dated 08.09.2008 and Unit 1, 4 & 5 have been tied up under separate PPAs executed with MSEDCL for 1765 MW.

As per the referred Order from the MERC, the de-allocation of the Lohara coal block by the Ministry of Coal would qualify as Change in Law, and APML is entitled to compensation for alternative coal used to meet the shortfall from the commencement of power supply under the PPA. Further, APML is also entitled to claim carrying costs on the claim amount till the date of the subject Order.

Kindly take this letter of intimation on your records.
