5. The rationale and purpose of the Scheme are as under:

- (i) (a) Each of the varied businesses carried on by AEL either by itself or through strategic investments in subsidiaries or through associate/affiliate companies including the Port Undertaking, the Power Undertaking and the Transmission Undertaking have significant potential for growth and profitability. The nature of risk and competition involved in each of

these businesses is distinct from others and consequently each business or undertaking is capable of attracting a different set of investors, strategic partners, lenders and other stakeholders. There are also differences in the manner in which each of these businesses are required to be handled and managed. In order to enable distinct focus of investors to invest in some of the key businesses and to lend greater/enhanced focus to the operation of the said businesses, AEL proposes to re-organize and segregate by way of a demerger its Port Undertaking, Power Undertaking and Transmission Undertaking.

(b) The demerger would enable greater/enhanced focus of management in these businesses thereby facilitating the management to efficiently exploit opportunities for each of these businesses.

(c) It is believed that the proposed segregation will create enhanced value for shareholders and allow a focus strategy in operations, which would be in the best interest of all the stakeholders and the persons connected with AEL, APSEZ, APL and ATL. The demerger proposed by this Scheme will enable investors to hold investments in businesses with different investment characteristics thereby enabling them to select investments which best suit their investment strategies and risk profiles.

(d) The demerger will also provide scope for independent collaboration and expansion.

(ii) Further it is proposed to merge AMPL, a wholly owned subsidiary of AEL with AEL to facilitate consolidation of core business of mining under one roof so as to provide greater visibility on the performance of coal mining activities.

The nature of risk and competition involved in each of these businesses is distinct from others and consequently each business or undertaking is capable of attracting a different set of investors, strategic partners, lenders and other stakeholders. There are also differences in the manner in which each of these businesses are required to be handled and managed. In order to enable distinct focus of investors to invest in some of the key businesses and to lend greater/enhanced focus to the operation of the said businesses, AEL proposes to re-organize and segregate by way of a demerger its Port Undertaking, Power Undertaking and Transmission Undertaking.

- (b) The demerger would enable greater/enhanced focus of management in these businesses thereby facilitating the management to efficiently exploit opportunities for each of these businesses.
 - (c) It is believed that the proposed segregation will create enhanced value for shareholders and allow a focus strategy in operations, which would be in the best interest of all the stakeholders and the persons connected with AEL, APSEZ, APL and ATL. The demerger proposed by this Scheme will enable investors to hold investments in businesses with different investment characteristics thereby enabling them to select investments which best suit their investment strategies and risk profiles.
 - (d) The demerger will also provide scope for independent collaboration and expansion.
- (ii) Further it is proposed to merge AMPL, a wholly owned subsidiary of AEL with AEL to facilitate consolidation of core business of mining under one roof so as to provide greater visibility on the performance of coal mining activities.

PART B

4. TRANSFER AND VESTING OF THE PORT UNDERTAKING

4.1 Upon the coming into effect of this Scheme and with effect from the Appointed Date and subject to the provisions of this scheme in relation to the mode of transfer and vesting, the Port Undertaking shall, without any further act, instrument, deed, matter or thing, be demerged from AEL and transferred to and vested in APSEZ or be deemed to have been demerged from AEL, and transferred to and vested in APSEZ as a going concern, so as to become as and from the Appointed Date, the estate, properties, assets, rights, claims, title, interests and authorities of APSEZ, pursuant to Section 394(2) of the Act.

- 4.2 In respect of such of the assets of the Port Undertaking as are movable in nature and/or otherwise capable of transfer by manual or constructive delivery and/or by endorsement and delivery, the same shall stand transferred by AEL to APSEZ upon the coming into effect of this Scheme pursuant to the provisions of Section 394 of the Act without requiring any deed or instrument of conveyance for transfer of the same, and shall become the property of APSEZ as an integral part of the Port Undertaking.
- 4.3 In respect of assets other than those dealt with in clause 4.2 above, including but not limited to sundry debts, actionable claims, earnest monies, receivables, bills, credits, loans, advances and deposits with the Government, semi-Government, local and any other authorities and bodies and /or customers, if any, whether recoverable in cash or in kind or for value to be received, bank balances, etc. the same shall stand transferred to and vested in APSEZ without any notice or other intimation to any person in pursuance of the provisions of Sections 391 to 394 read with other relevant provisions of the Act to the end and intent that the right of AEL to recover or realize the same stands transferred to APSEZ. APSEZ shall, at its sole discretion but without being obliged, give notice in such form as it may deem fit and proper, to such person, as the case may be, that the said debt, receivable, bill, credit, loan, advance or deposit stands transferred to and vested in APSEZ and that appropriate modification should be made in their respective books/records to reflect the aforesaid changes.
- 4.4 Without prejudice to the generality of the foregoing, upon the coming into effect of this Scheme, all the rights, title, interest and claims of AEL in any leasehold/leave and licence/right of way properties of AEL in relation to the Port Undertaking, shall, pursuant to Section 394(2) of the Act, without any further act or deed, be transferred to and vested in or be deemed to have been transferred to or vested in APSEZ on the same terms and conditions.
- 4.5 For the avoidance of doubt and without prejudice to the generality of the foregoing, it is expressly clarified that upon the coming into effect of this Scheme, all permits, licenses, permissions, right of way, approvals, clearances, consents, benefits, registrations, entitlements, credits, certificates, awards, sanctions, allotments, quotas, no objection certificates, exemptions, concessions, issued to or granted to or executed in favour of AEL, and the rights and benefits under the same, in so far as they relate to the Port Undertaking and all quality certifications and approvals, trademarks, trade names, service marks, copy rights, domain names, designs, trade secrets, research and studies, technical knowhow and other intellectual properties and all other interests relating to the goods or services being dealt with by the Port Undertaking and the benefit of all statutory and regulatory permissions, environmental approvals and consents, registration or other licenses, and consents acquired by AEL in relation to the Port Undertaking shall be transferred to and vested in APSEZ and the concerned licensors and grantors of such approvals, clearances, permissions, etc., shall endorse, where necessary, and record, in accordance with law, APSEZ on such approvals, clearances, permissions so as to empower and facilitate the approval and vesting of the Port Undertaking of AEL in APSEZ and continuation of operations pertaining to the Port Undertaking of AEL in APSEZ without hindrance and that such approvals, clearances and permissions shall remain in full force and effect in favour of or against APSEZ, as the case may be, and may be enforced as fully and effectually as if, instead of AEL, APSEZ had been a party or beneficiary or obligee thereto.
- 4.6 In so far as various incentives, subsidies, exemptions, rehabilitation schemes, special status, service tax benefits, income tax holiday/benefit/losses and other benefits or exemptions or privileges enjoyed, granted by any Government body, regulatory authority, local authority or by any other person, or availed of by AEL are concerned, the same shall, without any further act or deed, in so far as they relate to the Port Undertaking, vest with and be available to APSEZ on the same terms and conditions as if the same had been allotted and/or granted and/or sanctioned and/or allowed to APSEZ.
- 4.7 All assets, estate, rights, title, interest and authorities acquired by AEL after the Appointed Date and prior to the Effective Date for operation of the Port Undertaking shall also stand transferred to and vested in APSEZ upon the coming into effect of this Scheme.

- 4.8 Upon coming into effect of this Scheme, all debts, duties, obligations and liabilities (including contingent liabilities) of AEL relating to the Port Undertaking shall without any further act, instrument or deed be and stand transferred to APSEZ and shall thereupon become the debts, duties, obligations and liabilities of APSEZ which it undertakes to meet, discharge and satisfy to the exclusion of AEL and to keep AEL indemnified at all times from and against all such debts, duties, obligations and liabilities and from and against all actions, demands and proceedings in respect thereto. It shall not be necessary to obtain the consent of any third party or other person who is a party to any contract or arrangement by virtue of which such debts, obligations, duties and liabilities have arisen in order to give effect to the provisions of this clause.
- 4.9 In so far as loans and borrowings of AEL are concerned, the loans and borrowings and such amounts pertaining to the general and multipurpose loans, and liabilities, if any, which are to be transferred to APSEZ in terms of clause 4.8 above, being a part of the Port Undertaking shall, without any further act or deed, become loans and borrowings of APSEZ, and all rights, powers, duties and obligations in relation thereto shall be and stand transferred to and vested in and shall be exercised by or against APSEZ as if it had entered into such loans and incurred such borrowings.
- Thus, the primary obligation to redeem or repay such liabilities shall be that of APSEZ. However, without prejudice to such transfer of proportionate liability amount, if any, where considered necessary for the sake of convenience and towards facilitating single point creditor discharge, APSEZ may discharge such liability (including accretions) by making payments on the respective due dates to AEL, which in turn shall make payments to the respective creditors.
- 4.10 Subject to clause 4.9 above, from the Effective Date, APSEZ alone shall be liable to perform all obligations in respect of the liabilities of the Port Undertaking as the borrower/issuer thereof, and AEL shall not have any obligations in respect of the said liabilities.
- 4.11 Where any of the liabilities and obligations of AEL as on the Appointed Date deemed to be transferred to APSEZ, have been discharged by AEL after the Appointed Date and prior to the Effective Date, such discharge shall be deemed to have been for and on account of APSEZ and all liabilities and obligations incurred by AEL for the operations of the Port Undertaking after the Appointed Date and prior to the Effective Date shall be deemed to have been incurred for and on behalf of APSEZ and to the extent of their outstanding on the Effective Date, shall also without any further act or deed be and stand transferred to APSEZ and shall become the liabilities and obligations of APSEZ which shall meet, discharge and satisfy the same.
- 4.12 Any claims, liabilities or demands arising on account of the Port Undertaking of AEL which relates to the period prior to the Appointed Date but arises at any time after the Effective Date shall be entirely borne by APSEZ. In the event that such liability is incurred by or such claim or demand is made upon AEL, then APSEZ shall indemnify AEL for any payments made in relation to the same.
- 4.13 Subject to the other provisions of this Scheme, in so far as the assets of the Port Undertaking are concerned, the security, pledge, existing charges and mortgages, over such assets, to the extent they relate to any loans or borrowings of the Power Undertaking and/or Transmission Undertaking and/or Remaining Business of AEL shall, without any further act, instrument or deed be released and discharged from the same and shall no longer be available as security, pledge, charges and mortgages in relation to those liabilities of AEL which are not transferred to APSEZ.
- 4.14 In so far as the assets of the Power Undertaking and/or Transmission Undertaking and/or Remaining Business of AEL are concerned, the security, pledge, existing charges and mortgages over such assets, to the extent they relate to any loans or borrowings of the Port Undertaking shall, without any further act, instrument or deed be released and discharged from such security, pledge, charges and mortgages. The absence of any formal amendment which may be required by a bank and/or financial institution in order to affect such release shall not affect the operation of this clause.
- 4.15 In so far as the existing security in respect of the loans of AEL and other liabilities relating to the Remaining Business of AEL are concerned, such security shall, without any further act, instrument or deed be continued with AEL only on the assets remaining with AEL.

- 4.16 Without any prejudice to the provisions of the foregoing clauses, AEL and APSEZ shall enter into and execute such other deeds, instruments, documents and/or writings and/or do all acts and deeds as may be required, including the filing of necessary particulars and/or modification(s) of charge, with the Registrar of Companies, Gujarat at Ahmedabad to give formal effect to the provisions of this clause and foregoing clauses, if required.
- 4.17 Upon the coming into effect of this Scheme, AEL alone shall be liable to perform all obligations in respect of all debts, liabilities, duties and obligations pertaining to the Remaining Business of AEL and APSEZ shall not have any obligations in respect of the Remaining Business of AEL.
- 4.18 The foregoing provisions shall operate, notwithstanding anything to the contrary contained in any instrument, deed or writing or the terms of sanction or issue or any security documents, all of which instruments, deeds or writings shall stand modified and/or superseded by the foregoing provisions.
- 4.19 It is hereby clarified that all assets and liabilities of the Port Undertaking, which are set forth in the closing balance sheet of AEL as on the close of business hours on the date immediately preceding the Appointed Date, shall be transferred at values appearing in the books of account of AEL as on the Appointed Date.

In the event that the legal proceedings referred to herein require AEL and APSEZ to be jointly treated as parties thereto, APSEZ shall be added as a party to such proceedings and shall prosecute and defend such proceedings in co-operation with AEL. In the event of any difference or difficulty in determining as to whether any specific legal or other proceedings relate to the Port Undertaking or not, a decision jointly taken by the Board of Directors of AEL and APSEZ in this regard, shall be conclusive evidence of the matter.
- 5.2 If proceedings are taken against AEL in respect of the matters referred to in clause 5.1 above, it shall defend the same in accordance with the advice of APSEZ and at the cost of APSEZ, and the latter shall reimburse and indemnify AEL against all the liabilities and obligations incurred by AEL in respect thereof.
