We have reviewed the accompanying Statement of Unaudited Consolidated Financial Results of Adani Power Limited (the "Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), for the quarter ended June 30, 2022 (the "Statement") attached herewith, being submitted by the Holding Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. The Holding Company's Management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The Statement has been approved by the Holding Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

We also performed procedures in accordance with the Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 issued by the Securities and Exchange Board of India under Regulation 33(8) of the Listing Regulations, to the extent applicable.

ADANI POWER LIMITED

UNAUDITED CONSOLIDATED FINANCIAL RESULTS FOR THE QUARTER ENDED 30TH JUNE, 2022

1. The above consolidated financial results have been reviewed by the Audit Committee and approved by the Board of Directors of Adani Power Limited (the "Company", together with its subsidiaries, the "Group") in their respective meetings held on 3rd August, 2022.
2. The statutory auditors have carried out limited review of the consolidated financial results of the Group for the quarter ended 30th June, 2022.
3. Revenue from Operations on account of Force Majeure / Change in Law events or Other Income on account of carrying cost in terms of Power Purchase Agreements ("PPAs") with various State Power Distribution Utilities is accounted for / recognised by the Group based on best management estimates following principles of prudence, as per the orders / reports of Regulatory Authorities, Hon'ble Supreme Court of India ("Hon'ble Supreme Court") and the outstanding receivables thereof in the books of account may be subject to adjustments on account of final orders of the respective Regulatory Authorities, Hon'ble Supreme Court and final closure of the matters with the respective Discoms.

In certain cases, the Group has claimed compensation from the Discoms based on management's interpretation of the regulatory orders and various technical parameters, which are subject to final verification and confirmation by the respective Discoms, and hence, in these cases, the revenues have been recognised during various financial years / periods, on a prudent basis with conservative parameters in the books. The necessary true-up adjustments for revenue claims (including carrying cost / delayed payment surcharge) are made in the books on final acknowledgement / regulatory orders / settlement of matters with respective Discoms or eventual recovery of the claims, whichever is earlier.

4. Udupi Power Corporation Limited ("UPCL"), a wholly owned subsidiary of the Company, raises invoices on its customers ("Karnataka Discoms") based on the most recent tariff order / provisional tariff approved by the Central Electricity Regulatory Commission ("CERC"), as modified by the orders of Appellate Tribunal for Electricity ("APTEL") / CERC to the extent applicable, having regard to mechanism provided in applicable tariff regulations and the bilateral arrangements with the customers. Such tariff order is subject to conclusion of final tariff order in terms of Multiyear Tariff ("MYT") Regulations at end of tariff period of every 5 years.
5. (a) In a matter relating to Adani Power Maharashtra Limited ("APML") a wholly owned subsidiary of the Company, Maharashtra Electricity Regulatory Commission ("MERC") vide its order dated 6th September, 2019 had allowed relief on account of use of alternative coal for non-availability of coal due to cancellation of Lohara coal block for APML's 800 MW power generation capacity. The relief to APML was upheld by the Appellate Tribunal for Electricity ("APTEL") vide its order dated 5th October, 2020, although the Maharashtra State Electricity Distribution Company Limited ("MSEDCL") has filed an appeal in Hon'ble Supreme Court against the APTEL order. Based on the said favorable APTEL order, APML has estimated the tariff compensation claim amount on conservative basis including carrying cost thereon considering the various claim parameters, which was initially recognised during earlier financial year ended 31st March, 2021. The total claim recognised till 31st March, 2022 was ₹ 5,390.66 Crores (including carrying cost of ₹ 1,106.71 Crores). On 31st January, 2022, APML received interim relief order in the matter from Hon'ble Supreme Court which directed MSEDCL to pay tariff compensation equivalent to 50 % of the outstanding claim amount billed as on the order date. Basis such Hon'ble Supreme Court order, the tariff compensation claim thus realised, during the quarter ended 30th June, 2022, was adjusted against outstanding receivables in the books for the period ended 31st December, 2021 and APML recognised additional revenue of ₹ 1,238.42 Crores and carrying cost of ₹ 498.12 Crores towards tariff compensation claims, pertaining to earlier periods, along with the compensation claim of ₹ 565.92 Crores for the quarter ended 30th June, 2022 in this matter. The management expects to fully realise the claim recognised on best estimate basis in the books till date once the appeal is concluded by Hon'ble Supreme Court.

(b) In case of APML, in a matter relating to tariff compensation claim (including carrying costs thereon) for additional costs incurred by APML for 2500 MW power generation capacity due to shortfall in availability of domestic coal under New Coal Distribution Policy ("NCDP") and Scheme of Harnessing and Allocating Koyala (Coal) Transparently in India ("SHAKTI") policy of the government, APML had earlier received favorable orders from MERC, based on which APML has recognised claims and carrying cost thereon in earlier years, on best estimate basis. Subsequently, APTEL vide its orders dated 14th and 28th September, 2020 provided further clarity on the various claim parameters to be considered and remanded the matter to MERC. MERC vide its order dated 10th December, 2020, has issued consequential order for determination of tariff compensation in the matter. However, MSEDCL has filed a petition with Hon'ble Supreme Court against the aforesaid orders of APTEL. On 31st January, 2022, APML received interim relief order in the matter from Hon'ble Supreme Court which directed MSEDCL to pay tariff compensation equivalent to 50% of the outstanding claim amount billed as on the order date. Basis such Hon'ble Supreme Court order, the tariff compensation claim thus realised, during the quarter ended 30th June, 2022, was adjusted against outstanding receivables in the books for the period ended 31st December, 2021 and APML recognised additional revenues of ₹ 1,396.34 Crores and carrying cost of ₹ 953.57 Crores towards tariff compensation claims received, pertaining to earlier periods, along with the compensation claim of ₹ 859.08 Crores for the quarter ended 30th June, 2022 in this matter. The management expects to fully realise the claim recognised on best estimate basis in the books till date once the appeal is concluded by Hon'ble Supreme Court.

(c) Apart from above, in one of the matter relating to cost factor for computation of tariff compensatory claim based on claim amount billed by APML, MSEDCL is also in appeal with APTEL although APML has favorable order from MERC in the matter. The management does not expect any adverse impact of the matter. Currently, APML has recognized the claim on the best estimate basis pending settlement of appeal.

6. (a) In respect of Power Purchase Agreement ("PPA / SPPA") for Bid 2 with Gujarat Urja Vikas Nigam Limited ("GUVNL"), for supply of 1,234 MW power (as amended), the Hon'ble Supreme Court, vide its order dated 2nd July, 2019, had allowed appeal filed by Adani Power (Mundra) Limited ("APMuL"), a wholly owned subsidiary of the Company, for termination of long term PPA / SPPA with retrospective effect from the date of PPA i.e. 2nd February, 2007 and allowed APMuL to claim compensatory tariff. Till reporting period ended 31st December, 2021, GUVNL was in appeal in the matter with Hon'ble Supreme Court and had filed the curative petition.

On 3rd January 2022, a settlement deed was entered between APMuL and GUVNL to resolve all pending matters / disputes relating to Bid 1 & Bid 2 and as per the Settlement deed followed by Supplemental Power Purchase Agreement dated 30th March, 2022, GUVNL approached CERC to determine the base energy tariff rates for power sales under Bid 1 & Bid 2 SPPAs, with retrospective effect from 15th October, 2018, for submission to the Government of Gujarat (GoG). CERC vide its order dated 13th June 2022 recommended the base energy tariff rates for final approval of GoG which is pending as on reporting date. CERC order allows APMuL and GUVNL to mutually agree on adoption of six monthly or monthly escalation index to apply over base energy tariff rate as on October 2018 for determination of subsequent period energy rates. Pending approval of the base energy tariff rate by GoG and the mutual agreement between APMuL and GUVNL on methodology for escalation index, no adjustments in the revenue in this regard has been considered in the books as at reporting date, which presently has been recognised based on pass through of coal cost in a prudent and consistent basis as concluded through Supplemental Agreement dated 30th March, 2022.

(b) APMuL has claimed tariff compensation due to shortfall in domestic coal against power supplied to Haryana Discoms based on CERC Order dated 31st May, 2018 and 13th June, 2019 duly upheld by APTEL order dated 3rd November, 2020 and 30th June, 2021. Haryana Discoms have filed an appeal in the matter with Hon'ble Supreme Court against APTEL orders which is pending disposal although APMuL has recognized revenue for tariff compensation claims based on decision of APTEL order which is also supported by favorable orders in respect of similar other matters. The management expects to fully realise the claims recognised on best estimate basis in the books till date.

(c) The management believes that over foreseeable future, APMuL would be able to establish profitable operations and meet its liabilities as and when they fall due and hence, no provision / adjustment is considered necessary to the carrying value of its property, plant and equipment aggregating to ₹ 17,019.24 Crores as at 30th June, 2022.

7. GUVNL vide its letter dated 21st May, 2021 has raised certain claims on the Company for excess energy injected for the period 1st April, 2017 to 31st October, 2020 from the 40 MW solar power plant at Bitta in terms of the power purchase agreement and has withheld ₹ 72.10 Crores against power supply dues in previous year. The Company has denied contention of GUVNL and has filed a petition with Gujarat Electricity Regulatory Commission ("GERC") in the matter. Presently, hearing of the appeal has got completed and the order is reserved by GERC. The Company expects favourable outcome in the matter.
8. In a matter relating to Adani Power Rajasthan Limited ("APRL"), a wholly owned subsidiary of the Company, for recognition of tariff compensation claims for additional costs incurred for power generation due to shortfall in availability of domestic linkage coal under Shakti Policy of the Government, APRL has relied the favourable order of Hon'ble Supreme Court dated 31st August, 2020 in which Hon'ble Supreme Court has admitted all tariff compensation claims and APRL also realised all the claims during the quarter ended 31st March, 2022. APRL has recognised tariff compensation claims of ₹ 566.88 Crores on best estimate basis since December 2021 which management expects to fully realise such claims from the discoms.
9. Revenue from operations for the quarter ended 30th June, 2022, (including the amounts disclosed separately elsewhere in other notes) includes ₹ 2,560.79 Crores and Other income includes ₹ 1,651.38 Crores pertaining to prior years, based on the orders received from various regulatory authorities such as MERC / CERC, APTEL and reconciliation with discoms relating to various claims towards change in law events, carrying cost thereon and delayed payment interest.
10. APMuL has incurred cost of ₹ 103.75 Crores for the development of Jitpur Coal Block mine in the earlier years and had also given performance bank guarantee of ₹ 92.90 Crores to the government authorities.

Considering the long pendency of the matter relating to development of mine, APMuL applied for surrender of the coal block to Nominated Authority and requested for refund of the costs incurred and release of the performance bank guarantee. The Nominated Authority vide its letter dated 17th September, 2021, accepted the surrender petition by APMuL and ordered for invocation of bank guarantee along with obligation to fulfil antecedent liability. On 29th September 2021, the Hon'ble Delhi High Court, in response to petition filed by APMuL, has stayed the invocation of the said performance bank guarantee and restrained the Nominated Authority from taking any coercive steps in the matter. Further the Hon'ble Delhi High Court vide its order dated 3rd March, 2022, instructed the Nominated authority that the said performance bank guarantee shall be returned within one week from the date of execution of "Letter of Intent of Coal Mines Production and Development Agreement" with a new bidder.

The management expects favourable resolution relating to Jitpur mine with Nominated Authority and basis legal opinion obtained, is reasonably confident to realise the entire costs incurred towards the development of the coal mine in the subsequent period.

11. Raipur Energen Limited ("REL") a wholly owned subsidiary of the Company, has incurred cost of ₹ 103.33 Crores (including advance of ₹ 86.32 Crores) towards development of Talabira Coal mine and Ganeshpura Coal mine in the earlier years.

Subsequently, REL filed two writ petitions with Hon'ble Delhi High Court requesting surrender of the said mines in view of Union of India's ("UoI") notification dated 16th April, 2015 stating capping of the fixed / capacity charges and also requested to refund the costs incurred along with the release of bid security. The Hon'ble Delhi High Court vide its single order dated 15th April, 2019 dismissed the petitions on the ground of delay in filing of writ petitions. Consequently, REL filed petitions before Hon'ble Supreme Court to set aside the order of the Hon'ble Delhi High Court. Pending adjudication of the petitions, Hon'ble Supreme Court directed UoI and others vide its order dated 30th May, 2019 that no coercive action to be taken in these matters.

The management expects favourable resolution of these matters and is reasonably confident to realise the entire cost spent towards these coal mines, in the subsequent periods.

12. The National Green Tribunal ("NGT") in a matter relating to non-compliance of environmental norms directed UPCL vide its order dated 14th March, 2019, to make payment of ₹ 5 Crores as an interim environmental compensation to Central Pollution Control Board ("CPCB"), which was deposited by UPCL with CPCB under protest, in April 2019 and expensed the same in the books.

During the quarter, NGT vide its order dated 31st May, 2022 settled the matter and directed UPCL to deposit an additional amount of ₹ 47.02 Crores with CPCB within 3 months from the date of order. UPCL has made expense provision in the books of ₹ 47.02 Crores on conservative basis and is in process of filing the appeal with the Hon'ble Supreme Court. The thermal power plant continues to operate in compliance with all the conditions under Environment Clearance as at reporting date.

13. On 7th June, 2022, the Company has acquired 100% equity shares of Support Properties Private Limited ("SPPL") and Eternus Real Estate Private Limited ("EREPL") for a consideration of ₹ 280.10 Crores and ₹ 329.30 Crores respectively and also settled the liability of ₹ 485.24 Crores and ₹ 320.70 Crores respectively towards the existing debt of SPPL and EREPL. This acquisition is considered to be an asset acquisition as SPPL and EREPL hold land parcel at Navi Mumbai which Company proposes to develop for Infrastructure facilities as part of its trading, investment and other business activities.

Further, during the quarter, the Company has paid advance of ₹ 130.88 Crores through its other two subsidiaries for the purpose of acquisition of lease land to develop for infrastructure facilities.

14. The results for the quarter ended 30th June, 2022 includes the results of wholly owned subsidiary Mahan Energen Limited which was acquired w.e.f 16th March, 2022. Accordingly, the results for the quarter are not comparable with quarter ended 30th June, 2021 to that extent.

15. The Group's business activities revolve around development and operations of power generation plants including related activities and trading, investment and other activities. The segments are largely organised and managed separately according to the organisation structure that is designed based on the nature of Group's business and operations, as well as based on reviews of operating results by the chief operating decision maker to make decisions about resource allocation and performance measurement. 17. During the previous year, the Board of Directors of the Company at its meeting held on 22nd March, 2022 approved the scheme of amalgamation of wholly owned subsidiaries of the Company, viz, Adani Power Maharashtra Limited, Adani Power Rajasthan Limited, Adani Power (Mundra) Limited, Udupi Power Corporation Limited, Raipur Energen Limited and Raigarh Energy Generation Limited with the Company, with appointed date of 1st October, 2021, under section 230 to 232 and other applicable provisions of the Companies Act, 2013. Independent Auditor's Review Report on the Quarterly Unaudited Standalone Financial Results of the Company Pursuant to the Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended**Review Report to
The Board of Directors
Adani Power Limited**

1. We have reviewed the accompanying statement of unaudited standalone financial results of Adani Power Limited (the "Company") for the quarter ended June 30, 2022 (the "Statement") attached herewith, being submitted by the Company pursuant to the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended (the "Listing Regulations").
2. The Company's Management is responsible for the preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34, (Ind AS 34) "Interim Financial Reporting" prescribed under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations. The Statement has been approved by the Company's Board of Directors. Our responsibility is to express a conclusion on the Statement based on our review.
3. We conducted our review of the Statement in accordance with the Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the Statement is free of material misstatement. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
4. We draw attention to Note 3 to the standalone financial results regarding Adani Power (Mundra) Limited ("APMuL"), a wholly owned subsidiary, having Mundra Thermal Power Undertaking, which has been incurring significant operational losses since earlier years, whereby net worth of APMuL has been completely eroded. For the reasons stated by the management in the aforesaid note, the performance and the financial position of APMuL over the foreseeable future is dependent on the outcome of resolution of various matters with the discoms / regulators, improvement in its future operational performance and financial support from the Company. We have not been able to corroborate the Management's contention of realising the carrying value of its investments and loans and advances (including interest accrued) related to APMuL aggregating to ₹ 9,684.33 crores as at reporting date. Accordingly, we are unable to comment on the appropriateness of the carrying value of such investments and loans and advances and their consequential impact on the financial results and financial position of the Company for the quarter ended June 30, 2022. Our audit report for the previous year ended March 31, 2022 and limited review report for the quarter ended June 30, 2021 were also qualified in respect of this matter.

5. Based on our review conducted as above, except for the possible effects of our observation in paragraph 4 above, nothing has come to our attention that causes us to believe that the accompanying Statement, prepared in accordance with the recognition and measurement principles laid down in the aforesaid Indian Accounting Standards ('Ind AS') specified under Section 133 of the Companies Act, 2013 as amended, read with relevant rules issued thereunder and other accounting principles generally accepted in India, has not disclosed the information required to be disclosed in terms of the Listing Regulations, including the manner in which it is to be disclosed, or that it contains any material misstatement.

ADANI POWER LIMITED

UNAUDITED STANDALONE FINANCIAL RESULTS FOR THE QUARTER ENDED 30TH June, 2022

1. The above standalone financial results of the Company have been reviewed by the Audit Committee and approved by the Board of Directors of Adani Power Limited (the "Company") in their respective meetings held on 3rd August, 2022.
2. The statutory auditors have carried out limited review of the standalone financial results of the Company for the quarter ended 30th June, 2022.
3. As at 30th June, 2022, the Company is carrying investment of ₹ 219,80 Crores, Unsecured Perpetual Securities of ₹ 5,050.00 Crores and outstanding loans (including accrued interest) of ₹ 4,414.53 Crores relating to its wholly owned subsidiary, Adani Power (Mundra) Limited ("APMuL") having power generation plants of 4620 MW. APMuL has reported net profit of ₹ 334.46 Crores and loss of ₹ 335.93 Crores for the quarter ended 30th June, 2022 and for the year ended 31st March, 2022 respectively and has accumulated losses of ₹ 14,355.42 Crores as at 30th June, 2022, whereby the net worth of APMuL has been completely eroded. Further as at 30th June, 2022, its current liabilities exceed current assets by ₹ 558.78 Crores which include net payables of ₹ 383.28 Crores to related parties.

Notwithstanding the above, as at reporting date, of the total available capacity of 4620 MW in APMuL, it has Power Purchase Agreement ("PPA") / Supplementary Power Purchase Agreement ("SPPA") (under Bid 1 and Bid 2) with Gujarat Urja Vikas Nigam Limited ("GUVNL") of 1200 MW and 1234 MW respectively, for which APMuL is allowed compensation for imported coal in terms of SPPA dated 5th December, 2018 and further entered into settlement deed to avail benefit of coal cost pass through detailed in para below. APMuL also has PPAs of 1424 MW with Uttar Haryana Bijli Vitran Nigam Limited and Dakshin Haryana Bijli Vitran Nigam Limited ("Haryana Discoms") for which Central Electricity Regulatory Commission ("CERC") and Appellate Tribunal for Electricity ("APTEL") has allowed change in law claims towards shortage of coal under New Coal Distribution Policy ("NCDP") for the power supplied although the matter is currently in appeal with Hon'ble Supreme Court. The residual capacity of APMuL is utilised to sell power on merchant basis. APMuL continues to supply power to GUVNL and Haryana Discoms, pending resolution of certain matters under dispute and the management is reasonably confident of realising all the receivables.

On 3rd January 2022, a settlement deed was entered between APMuL and GUVNL to resolve all pending matters/dispute relating to Bid 1 & Bid 2 and as per the Settlement deed followed by Supplemental Power Purchase Agreement dated 30th March, 2022, GUVNL approached the CERC to determine the base energy tariff rates for power sales under Bid 1 & Bid 2 SPPAs, with retrospective effect from 15th October, 2018, for submission to the Government of Gujarat (GoG). CERC vide its order dated 13th June 2022 recommended the base tariff rates for final approval of GoG which is pending as on reporting date. CERC order allows APMuL and GUVNL to mutually agree on adoption of six monthly or monthly escalation index to apply over base energy tariff rate as on October 2018 for determination of subsequent period energy rates. Pending approval of the base rate by GoG and the mutual agreement between APMuL and GUVNL on methodology for escalation index, no adjustments in the revenue in this regard has been considered in the books as at reporting date which presently has been recognised based on pass through of coal cost in a prudent and consistent basis as concluded through Supplemental Agreement dated 30th March, 2022.

The management expects that APMuL will sustain its operational performance from sale of power to GUVNL, Haryana Discoms and on merchant basis.

The management has also made long term assessment of recoverable amount of APMuL's power generation assets that has factored better operational parameters leading to better operational and financial performance of APMuL. The management believes that over foreseeable future, APMuL would be able to establish profitable operations and meet its liabilities as and when they fall due and Hence, no provision / adjustment is considered necessary to the carrying value of the said investments and loans (including accrued interest) aggregating to ₹ 9,684.33 Crores as at 30th June, 2022.

The statutory auditors have expressed qualification in respect of above as regards recoverable value of Company's investment (including unsecured perpetual securities) and loans given to APMuL.

4. GUVNL vide its letter dated 21st May, 2021 has raised certain claims on the Company for excess energy injected for the period 1st April, 2017 to 31st October, 2020 from the 40 MW solar power plant at Bitta in terms of the power purchase agreement and has withheld ₹ 72.10 Crores against power supply dues in previous year. The Company has denied contention of GUVNL and has filed a petition with Gujarat Electricity Regulatory Commission ("GERC") in the matter. Presently hearing of the appeal has got completed and the order is reserved by GERC. The Company expects favourable outcome in the matter.
5. The board of directors and shareholders of the Company, in their meetings held on 22nd June, 2020 and 23rd July, 2020, respectively, have approved the delisting proposal as earlier received from Adani Properties Private Limited, a member of the promoter and the promoter group company. The Company is in process of taking necessary actions for voluntary delisting of its equity shares, in terms of and in compliance with the applicable SEBI Regulations and other applicable laws. Towards this, the Company has made an application to the stock exchanges for their in-principle approval.
6. During the quarter ended 30th June, 2022, the Company has invested ₹ 210.70 Crores (Till date - ₹ 1,454.26 Crores) into Optionally Convertible Debentures ("OCDs") of its wholly owned subsidiary, Adani Power (Jharkhand) Limited for the purpose of development of power plant. These OCDs shall be optionally converted into equity share capital at fair value at the discretion of issuer or will be redeemed in full or part after 31st December, 2037.
7. During the quarter ended 30th June, 2022, the Company has invested ₹ 80.46 Crores and ₹ 43.91 Crores into Optionally Convertible Debentures ("OCDs") of its wholly owned subsidiaries, Chandenvale Infra Park Limited and Alcedo Infra Park Limited respectively for the purpose of acquiring land on lease. These OCDs shall be optionally converted into equity shares in the ratio of 1 : 1 at the discretion of issuer or will be redeemed at any time within 10 years from the date of issue.
8. During the previous year, the Board of Directors of the Company at its meeting held on 22nd March, 2022 approved the scheme of amalgamation of wholly owned subsidiaries of the Company, viz, Adani Power Maharashtra Limited, Adani Power Rajasthan Limited, Adani Power (Mundra) Limited, Udupi Power Corporation Limited, Raipur Energen Limited and Raigarh Energy Generation Limited with the Company, with appointed date of 1st October, 2021, under section 230 to 232 and other applicable provisions of the Companies Act, 2013. The Scheme will be effective on receipt of regulatory approvals and on fulfilment of conditions precedent therein. As on date of adoption of these standalone financial results by the Board, approval from NCLT process is in progress. Accordingly, impact of the said scheme has not been considered in the financial results..
9.
